Our Added Value

Backed by decades of industry leadership and manufacturing expertise, Westlake Royal is committed to providing products that inspire, attract, and add value. With six diverse brands to choose from, no other manufacturer can match the range and selection of design solutions we offer.

Scale & Availability—We manufacture the products your customers demand in the regions where you build and have the capability to scale up as your business grows.

Brand Equity—As the original manufacturers of architectural stone veneer, we take pride in having built North America's most recognized brands and delivering high-quality architectural solutions through a breadth of combined portfolios.

Expertise—We are committed to being a driving force in the decorative stone industry. From increasing installation knowledge, to Warranty and Code Compliance training, to a leadership role with the National Concrete Masonry Association, our teams put an unmatched depth of technical and practical expertise in your hands.

Design Solutions—Through ongoing research and development, we not only design products that are innovative and beautiful but are engineered to solve design and installation challenges.

Additionally, our collections have expanded beyond stone to include modern profiles that resemble other popular materials such as tile, brick and wood. With numerous options to choose from, we have the perfect solution for achieving a sleek and modern look, quaint country feel, formal atmosphere or casually elegant ambiance.

Nationwide Distribution—Unlike most local and regional manufacturers, we have partnerships that span across the country, allowing for popular products to be stocked on the ground in each market. That means you can expect the product to be available where you build.

Dedicated Team—We take pride in not only working at the corporate level with our dedicated national team, but also bringing value at the local level with more than 90 sales and technical resources focused on supporting your projects. Whether you need technical knowledge, support with national purchasing optimization, or help improving project efficiencies, with Westlake Royal, you have a partner you can rely on.
